[INTRO to BEADING](#) - This class will teach you all about the beads, supplies and tools available to the modern beader. In this 2-3-hr session you will make a bracelet using beading wire and attaching a clasp and a pair of simple earrings.

\$35 includes a bracelet/earring kit and lots of information, tips and tricks for the new beader!

[Russian Spiral](#) - We'll teach you the basics. You use your imagination to make it your own. Use seed beads to create a simple Russian Spiral rope. Alter color, shape or size of the beads or add Czech glass to totally change the look.

[Opulent Ladder](#) - Combine Fire-polished and seed beads to create this opulent feeling bracelet. This simple design is great as a beginner project.

[Beaded Beads](#) - Looking for truly unique beads - why not learn how to make your own? In this class you will learn how to take simple materials (beads) and create wonderful original Beaded Beads, you'll be proud to call your own.

[Crystal Cluster Earrings](#) - Featuring Swarovski Crystals, this is a great project for experienced beaders wanting to learn a new needle and thread technique, or newer ones looking for a challenge. The crystal flowerette makes a beautiful statement as an earring but can easily be adapted to a bracelet or pendant. Peg will show you how. \$30 includes needle and thread. You choose your beads.

[Working with Rivolis](#) - Do you just love Swarovski Rivolis? Not sure exactly how to use them? With some very easy to follow directions you can transform that beautiful Rivoli into a gorgeous embellished pendant. Using delicas, 150 beads and other crystals or beads, Jan will walk you through a few simple techniques to create a masterpiece of your own. \$35.00 includes 1 Rivoli
